Appliance Rebate Criteria for Residential installations

DISHWASHER To qualify, a dishwasher must be labeled Energy Star and meet the current standards. The Energy Star designation is awarded to dishwashers that are 25% more efficient than the federal standard and have an energy factor of at least 0.65. You can find a qualified model by visiting www.energystar.gov A copy of the Proof of Purchase must accompany this rebate application.

CLOTHES WASHER To qualify, a clothes washer must be labeled Energy Star and meet the current standards. The Energy Star designation is awarded to clothes washers that have a Modified Energy Factor (MEF) of 1.72 or greater. MEF is a new equation for Energy Factor that takes into account the amount of dryer energy used to remove the remaining moisture content in washed items. You can find a qualified model by visiting www.energystar.gov A copy of the Proof of Purchase must accompany this rebate application.

REFRIGERATOR To qualify, a refrigerator must be labeled Energy Star. The Energy Star designation is awarded to refrigerators that are at least 20% more efficient than the federal standard. You can find a qualified model by visiting www.energystar.gov A copy of the Proof of Purchase must accompany this rebate application.
